Tornado Windows 7 Theme Keygen

- Easy to apply
- For users with medium-sized screens
- Free of charge
- Attractively painted with high-quality images

Themes - Free and Easy to Apply They come in two different versions: 1. An easy-to-apply theme manager that lets you choose from the photos in the theme pack, while the other one is made to help the users who are not very familiar with the theme-making process. The theme manager version let the users easily make changes in the applications which are running on the computer by providing an intuitive interface. All that you need to do is to choose one of the default themes, or you can switch to the thumbnail screen to choose the available themes and their options. The latter version, after installing, will show you an installation wizard where you can choose from the available themes and their options, apply them and restart the computer. With the theme manager version, you can select from ten standard theme styles, while with the latter version you can choose from the available more than a hundred of ready-made themes.

Features of the Tornado Windows 7 Theme

- Use the Theme Manager Wizard to choose from ten of the standard themes; or let the Wizzard help you choose from the available ready-made themes
- The application is packed with a package of ten high-quality images; with themes being available with a hot key to quickly apply
- Select and apply one of these standard and ready-made themes or create your own! By the way, Tornado Windows 7 Theme is free of charge, and all you need to do is to download it, install and restart the computer.
