5 out of 5 Mr. 03/13/2017 Verified Purchase Finally! Fantastic app finally supports Vietnamese!!! Not bad for a paid app. 4 out of 5 Carlos Garcia 03/13/2017 Verified Purchase To say the truth, I am amazed. The app worked perfectly for me. It is really easy to use. The list of words is really big and if you want to translate words in other languages the others ones are extremely easy to use. Highly recommended for all my friends and myself. 4 out of 5 Edwin Garcia 03/13/2017 Verified Purchase I am a big fan of VIKI Translator For Windows 10 Crack. As a Word user, it is a very convenient way to translate Word documents. I am still exploring all the features, but I can say it is a very useful program. 5 out of 5 Arthur Sanay 03/13/2017 Verified Purchase I don't like that it just translate to vietnamese and I am from Philippines so at first I want to translate it to english. It is really easy to use. I am still exploring all the features, but I can say it is a very useful program. 4 out of 5 michaela 03/13/2017 Verified Purchase Very easy to use and understands you pretty well. 5 out of 5 karen stamard 03/13/2017 Verified Purchase The best thing about it was that it works. I wasn't getting any changes even if there were valid entries. 5 out of 5 chrissie12 03/12/2017 Verified Purchase I like it a lot. It is really easy to use and understand. Thanks! 4 out of 5 Alfredo F 03/12/2017 Verified Purchase It's a good tool. I like it a lot. 5 out of 5 Daniel Morino 03/12/2017 Verified Purchase It's a good tool. VIKI Translator

VIKI Translator Crack Keygen is one of the most easy to use tools to translate words from English to Vietnamese and Vietnamese to English. As it happens, you don't have to download anything from the internet, as you will have everything you need, right away. The applications is easy to install, getting connected to the internet is not required, and you don't need to sign in. There's no need to visit the software provider's website, since the installation option is available for everyone, in the application's main window. You don't even have to be logged in to the web browser, as the authentication credentials are available, right from the start. VIKI Translator is a simple and fast tool that helps its users to get their words translated between English and Vietnamese, while taking into account the context. For the sake of a straight forward application, VIKI Translator doesn't provide any features that are compatible with hardware devices. This means that the translated words are stored in the user's computer as soon as the translation is done. What's more, there's no possibility of having any kind of settings. There's no language or spelling customization, so you won't have to worry about accents or lack of them. The program works for people and enterprises alike, as it has a PC and Mac version. However, you might have to make adjustments to the application in the event that you are on a home or office network. What you need to do in that case, is to use the Shift+F2 key combo to open a connection that will let the application filter the search results by the language set in the application. VIKI Translator Key Features: English to Vietnamese and Vietnamese to English One-click conversion of words and sentences Translation of words and sentences from Word, PDF and other text documents Basic and technical descriptions Definition, Pronunciations, Synonyms Text or image to translation Display of translations in context Super fast conversion and small size Low-cost purchase option Support for the following operating systems: Windows, Mac and Linux Support for languages: English, Vietnamese Support for spell check: Yes Limited support for dictionaries Low-cost - few features Simple and straightforward No customization No settings No options No need for an active Internet connection No need to sign in or go online Provides basic and technical definitions Language & accent support Quick and easy installation The application comes with no additional costs Free download version available 09e8f5149f
